W. & T. SMITH, PROPRIETORS.

We claim great advantages for the soil of Geneva and vicinity, in the production of healthy, long-lived trees. This is a matter of great importance to every planter. Not a year passes that we do not receive additional testimony of the fact that trees grown upon our heavy, strong, rich, well-drained soil are healthier, longer lived, less liable to injury from extreme cold, and more productive than when taken from a light soil. Another very important fact is that being furnished with a more abundant supply of healthy, well-ripened and shrouded roots, they bear transplanting to a different soil and climate much better.

All persons authorized to act as Agents for us, are provided with a written certificate of that effect, and we request that they be required to show their certificates. Stock is not unfrequently sold by persons without authority, and not furnished from the place they pretend to represent; by which means many poor trees and plants are distributed, causing great dissatisfaction and disappointment. BUY GOOD STOCK OF RELIABLE MEN, and this may be avoided.

Failed.

CHICAGO, June 15.—Kershaw & Co. are officially posted as having failed to go through the clearing houses. This means their collapse. The immediate cause of the failure is due to Rosenfeldt & Co., who garnished Kershaw's account in the American Exchange Note Bank.

New York, June 15.—Charles Henrotin, Chicago operator who joined the New York Stock Exchange on January 16th, 1886, notified the Exchange this morning that he was unable to meet his contracts.

CHICAGO, June 15.—Shortly after noon, the announcement that Kershaw had failed to meet his clearing house differences was posted, but it seemed to have little or no effect on prices. Kershaw said he could meet all claims against the firm, if Rosenfeldt had not garnished the money, which was checked against, thereby tying up a million dollars which rumor says he had to his credit. The following firms also failed to go through the clearing house: S. D. Eldridge, M. B. Crofts & Co., H. K. Matthews, Yount & Brierly, B. J. McCleary, H. J. Yount & Co., Hibbard & Co. and Pickering & Co. Just before the close of the session, T. E. Balding & Co. announced that they were even on the market, and requested that their trades should not be closed out. The morning session closed with a firmer feeling. During the last hour July wheat fluctuated between 71½ @ 72½.

CHICAGO, June 15.—Four more failures have just been announced on 'change. The firms are: T. B. Balding & Co., Crosby & Co., Hebbard & Co. and M. B. Crasts. Balding & Co. claim to be even on the market. The suspension of Hebbard & Co. and Crosby & Co. caused surprise, as both came unexpectedly. Hebbard & Co. claim to be solvent. July wheat dropped to 73½.

The suspension of S. M. Robinson and Craft & Co. has been announced in the present unsettled state of affairs. Even members of the firm have no idea how they stand. Markets are open and trade is unsettled, and until matters are adjusted it will be next to impossible to tell how any of the firms stand. The day closes with a prevailing feeling that the worst is now over. The announcement that Kershaw & Co. will be able to pay their obligations has created intense excitement.

MINNEAPOLIS, June 15.—Word is received that several failures have occurred on the Duluth Board of Trade.

The Britannic.

New York, June 15.—The White Star steamer Britannic, which has been repaired, sailed to-day for Liverpool. The same officers who had charge of her when she collided with the Celtic were in command, but probably some changes will be made when the steamer reaches her destination.

Extending Suffrage

MADRID, June 15.—Senor Baloguer, Minister of Colonies, will introduce in the Cortes a bill giving to every Cuban who pays \$40 in taxes the right to vote in elections for members to the Cortes.
